PROGRAMMA International, Inc.

Fifteen Numbers is a beautiful 3-Dimensional graphics version of that age old game of MAGIC SQUARES.

OBJECT:

The object of Fifteen Numbers is to manipulate the cubes into a predetermined order.

Success is based upon your ability to plan ahead.

Optimize your score by limiting needless moves.

The random generator creates a unique matrix of FIFTEEN NUMBERS every time.

WARNING!!! FIFTEEN NUMBERS has been proven to be highly addicting!

FIFTEEN NUMBERS is a challenging game of logic and foresight with three-dimensional graphics.
